We Stand in Solidarity: George Floyd

Black Lives Matter. We are outraged over the death of George Floyd and so many other African American brothers and sisters, the jailing of journalists, the failure of systems that should support society, the crisis of leadership. We wish to honor his memory through our words and deeds and commit to the struggle for racial equity. No peace without justice.

Yours in solidarity and kinship,

AFLOC The Adjunct Faculty and Lecturer Organizing Committee

This mural was painted by a group of community artists, Cadex Herrera, Greta McLain, and Xena Goldman on the side of a grocery store last week, just down the street from where Floyd was arrested, the Cup Foods at the corner of 38th Street and Chicago Avenue South, Minneapolis.
