Part E - First-time Bachelor's Cohort Retention Rates (Full-time)

Retention Rates

Full-time, First-time Bachelor's Cohort from Fall 2012

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2012 and retention based on August 1, 2013.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **full-time, first-time bachelor's** students in this cohort.
- Determine the full-time cohort using Fall 2012 status (e.g. if a student was full-time in Fall 2012, report them in the full-time cohort regardless of their Fall 2013 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.
